

MEA Objectives

Our OBJECTIVES are to:

(a) work to protect existing positive qualities of the natural and human environment, including flora, fauna, the foreshore, public and private land, the seabed, waterways, and structures of historical significance;

(b) work to ensure the environment enhance rather than damage natural systems;

(c) where appropriate, work to support, oppose, or amend development proposals which impact upon the natural or human environment;

(d) continue the campaign to defend the foreshore, our initial objective;

(e) co-operate or affiliate with other organisations with similar goals.

What MEA does

1. Creates "Friends' Groups" who volunteer to protect threatened remnant vegetation.
2. Coordinates a local Clean Up Australia Day campaign .
3. Educates students and the public through restoration projects, monitoring nest boxes and encouraging awareness and participation.
4. Undertakes Water Watch and water quality monitoring in local creeks, waterways and the sea.
5. Promotes removal of rubbish from beaches, storm drains and roads.
6. Supports the conservation of historic buildings and precincts.
7. Increases awareness through newsletters, local media, our web site and letters to Governments
8. Works with local community networks.
9. Represents members' interest with Shire and other Government agencies.
10. Representation on Shire focus groups regarding Mornington harbour and surrounds. To protect against environmental damage through infrastructure expansion.
11. Advocates on Peninsula Development Projects, State plans for vegetation and green wedge areas and fire protection.
